YANKS WIN 6-2, PIRATE DEFENSE CRACKS

YANKS IN 2ND SUCCESSIVE WIN IN SERIES

GEORGE PIPGRAS HOLDS THE PIRATES IN THE HOLLOW OF HIS HAND

YANKEES CLUBBED VIC ALDRIDGE FROM MOUND IN 7TH INNING

Forbes Field, Pittsburgh, Oct. 6.—(UP)—The Pirates defense cracked wide open again today, and the New York Yankees rode through to their second successive victory in the current world's series.

George Pipgras, pitching his first world's series game, held the Pirates in the hollow of his hand, allowing but seven hits, no two of which came in one inning. The Yankees clubbed Vic Aldridge from the mound in the seventh and took every advantage of the Pirate misplays in two big innings.

Loose playing by the Pirates was responsible for the start of the Yank scoring in the third, when the Yankees scored three runs. Again in the seventh when the Hugmen counted three times more, it was a weak defense as much as a hard attack which helped the American League champions to clinch their second victory.

Although the heavy hitters of "Murderers' Row" once more were kept from hitting homers, they belted Aldridge and the succeeding pitchers, Mike Cvangros and Dawson, for 11 solid hits.

Only at the start did the Pirates look like a championship club. A Waner special—as hits over third basemen's head were called in the National League this year, because the Waner brothers made so many of them—sent the Pirates away in front today, but by only a margin of one run that later was dwarfed of the Yank attack.

Brother Lloyd got this one when he opened Pittsburgh's first inning. Bob Meusel was playing over toward center for him and Lloyd streaked to third before Bob could get into foul territory and return the ball. Barnhart promptly scored Lloyd with a maddening deep fly to Ruth, while Pipgras then slipped a low, fast ball past brother Paul, for his third strike and Ruth took care of Wright's fly.

The Pirates didn't threaten again until the fourth, when Traynor doubled with one out only to be left on second. Dugan possibly saved trouble for Pipgras in this situation by picking Grantham's foul out of a field box along the third base line with his gloved hand. Dugan timed this ball perfectly. He braced himself against the temporary fence leaned as far as he could without leaving his feet, and plucked the ball as easily as though he made these plays daily. Harris then put a weak fly to Ruth and Pipgras safely had passed one more dangerous signal.

Forbes Field, Pittsburgh, Oct. 6.—With several of their stars suffering from bruises and other minor injuries but with their confidence high the New York Yankees went out this afternoon to make it two straight over the Pittsburgh Pirates in the world series of 1927.

The one-game lead which they attained in the loosely played opening contest gave the American League champions a decided edge, and so Miller Huggins had young George Pipgras out warming up before the game, apparently ready for duty against the Pirates.

Four of the Yankees were on the injured list, although none were seriously hurt as to be kept out of the game when needed.

Herbie Pennock, the star southpaw, still nursed a sore knee but believed he would be able to pitch when the teams go to New York to continue the series.

Tony Lazzeri had his wrist heavily taped. He suffered a slight dislocation in the opening game during a close play at second base.

"I go up there and take a swing or two and see how it feels," said Tony, as the time came for Yankee batting practice in the brilliant October sunshine, about an hour before game time.

"I'll be ready to work when Hug needs me," said the blonde youngster exhibiting his finger which had been soaked in iodine.

The fourth Yankee casualty was Mark Koenig, the game, hard hitting shortstop who was knocked out in a collision at second base in the opening game.

Koenig went through batting and fielding practice today with his old vim, however, and said he had been "just a little shaken up."

Today's line-up:
New York—Combs, cf; Koenig, ss; Ruth, rf; Gehrig, 1b; Meusel, lf; Lazzeri, 2b; Dugan, 3b; Bengough, c; Pipgras, p.

Pittsburgh—L. Waner, cf; Barnhart, lf; P. Waner, rf; Wright, ss; Traynor, 3b; Grantham, 2b; Harris, 1b; Gooch, c; Aldridge, p.

Umpires — at the plate, Nallin; at first base, Moran; at second, Ormsby; at third, Quigley.

Shortly before game time George Pipgras, the Yankee young right-hander, warmed up for New York, while Vic Aldridge worked out his right arm by flinging a few to Oscar Stanage. After the Yankee field gathered, it was announced that Lazzeri would start the game at second base.

The umpires went out to the home plate at 1:28 in an effort to get the game started on time.

"Pie" Traynor and Charley O'Leary were summoned to present the respective line-ups. The infield was raked and the baselines touched up with new white lime. Pipgras, starting his first world series game, was chewing nervously on a big wedge of gum and trying to look unconcerned as he warmed up.

The Pirates took the field at 1:30. Earl Combs went out ready to go to bat.

There was a brief delay while the "Star Spangled Banner" was played and the flag raised in center field. Play started at 1:35.

LIBERAL MAYOR OF CARDIFF WELCOMES THE CONVENTION

HALF OF THEM WOMEN, AT THE BRITISH CONSERVATIVE PARTY'S CONFERENCE

By C. P. WILLIAMSON
(United Press Staff Correspondent)
Cardiff, Oct. 6.—More than 2,500 delegates, half of them women, attended the opening session of the British conservative party's annual conference today.

The liberal mayor of the city welcomed the delegates.

Sir Robert Sanders, member of parliament, presiding, moved adoption of the report of the national council. It was accepted unanimously.

Lord Queensborough was unanimously elected president of the National Conservative Association for the ensuing year.

In moving adoption of the council's report, Sir Robert defended the government's action in the Arcos raid and revision of the trade union law. Arcos, Ltd., a Russian organization, was raided during the summer in search of communist propaganda.

"I can only hope," he said, "that the socialists will continue to promise to make these their vital issues in the next election, for I am sure nothing would make conservative success more certain."

Dugan up. Strike one, swung. Ball one, inside. Ball two, inside. Foul, strike two. Foul. Dugan fouled out to Gooch. Bengough up. Ball one, high. Bengough fouled out to Gooch. Pipgras up. Ball one, high. Ball two, high. Foul, strike one. Strike two, called. Ball three, wide. Foul. Pipgras lined to Grantham. NO RUNS, ONE HIT, NO ERRORS.

Aldridge had a fast curve ball breaking by this time and the Yanks were having a lot of trouble with it. Lazzeri's hit was a scratch one that bounded off Aldridge's glove.

PITTSBURGH—Traynor up. Traynor out, Pipgras to Gehrig, on the first ball. Grantham up. Strike one, called. Grantham singled to center in front of Combs, who made no attempt to catch the ball. Harris up. Ball one, wide. Strike one, swung. Harris out, Gehrig unassisted. Grantham taking second. It was a fast bouncer down the first base line. It was not a sacrifice. Gooch up. Ball one, inside. Ball two, inside. Gooch fouled out to Bengough. NO RUNS, ONE HIT, NO ERRORS.

Pipgras was steadier in this inning and the lower end of the Pirate batting order could not solve his curves. Combs might have taken a chance and caught Grantham's line drive to center, but preferred to play it safe.

THIRD INNING
NEW YORK—Combs up. Foul, strike one. Ball one, high. Foul, strike two. Ball two, high. Ball three, wide. Combs singled to right. Koenig up. Strike one, called. Koenig hit through the box and the ball rolled to the fence, Combs scoring and Koenig making third. It was scored as a single and an error for L. Waner, who let the ball go through. Ruth up. CLEVELAND AND DETROIT AFTER G. O. P. CONVENTION

Washington, Oct. 6.—(UP)—Cleveland and Detroit are considered favorites for the 1928 republican national convention by a majority of members of the republican national committee, the United Press was informed today by a committee member who said he made an unofficial poll of the delegates.

San Francisco had been almost unanimously favored until President Coolidge issued his statement that he does not choose to be a candidate. It was said. Committee members had figured that many proxies could have been sent to the Pacific coast if the convention was to go through only the formality of nominating Mr. Coolidge. But now that a contest is in prospect all the delegates will want to attend and the expense of traveling to San Francisco makes that city less desirable.

WILLIS BEACH SURRENDERS TO AUTHORITIES

WANTED ON CHARGE OF AIDING TO MURDER DR. WM. LILLIENDAHL

NEW DEVELOPMENT IN MYS-TERY CASE AT MAYS LAND-ING, N. J.

Mays Landing, N. J., Oct. 6.—(UP)—Willis Beach, of Vineland, wanted on a charge of aiding in the murder of Dr. William Lillien-dahl, surrendered to Captain W. J. Carter of the state police here today. He gave himself up within an hour after his lawyer in Hammon-ton had announced that he would not surrender until the grand jury had indicted him.

He was taken to the Atlantic county jail and locked up immediately.

The county prosecutor, Louis I. Repetto, said he was still undecided whether he would call Beach personally before the grand jury. He added that it was equally uncertain whether he would call Mrs. Lillien-dahl.

"Whether Beach and Mrs. Lillien-dahl will testify before the grand jury will depend on developments," Repetto said.

Hays Landing, N. J., Oct. 6.—For the first time since he was brought under suspicion in the murder of Dr. William C. Lillien-dahl, Willis Beach, poultry man, lost some of his defiance today after his surrender, when three witnesses attacked his most important alibi.

The men he was to face nine days ago when a warrant was sworn out for his arrest for "aiding and abetting" murder pointed out the Lillien-dahl neighbor as the man seen driving out of Great Swamp lane shortly before the aged narcotic specialist was slain.

Beach dropped out of sight when he was expected to face the witnesses at the state troopers headquarters. He had said he was nowhere near the murder scene on September 15.

Red Wing, Minn., Oct. 6.—(UP)—Three thousand school children from three counties are in attendance here today of the third annual rural education day program.

Goodhue and Wabasha counties in Minnesota and Pierce county in Wisconsin are represented.

MILLIONAIRE BOOTLEGGER KILLS HIS WIFE

GEORGE REMUS, ASSAILANT, GIVES SELF UP TO CIN-CINNATI POLICE

SHOOTING TOOK PLACE A FEW HOURS BEFORE DIVORCE CASE SCHEDULED

Cincinnati, O., Oct. 6.—(UP)—George Remus, millionaire bootlegger today shot and killed his wife, Imogene Remus, a few hours before their sensational divorce case was scheduled to come up for hearing.

Mrs. Remus, seriously wounded, was taken to a hospital and died at 10:45 this morning, three hours after the shooting.

Remus gave himself up to police later.

Remus became notorious for his bootlegging activities several years ago. He has served terms in Atlanta penitentiary and in jails at Troy and Portsmouth, Ohio.

He was one of those indicted in the Jack Daniels distillery case.

After his sentence to the Atlanta penitentiary, Remus and his wife became estranged.

Remus charged his wife had been too friendly with Franklin Dodge, a government prohibition agent, and that while he was serving a sentence in the Portsmouth, O. jail she visited the Remus mansion here and removed the valuable furnishings.

The Remus divorce suit was scheduled to come before Judge Charles W. Huffman today after many postponements.

Cincinnati, O., Oct. 6.—The spectacular career of George Remus, millionaire bootleg king, reached a new climax today when he shot and killed his wife, Imogene Holmes Remus, after pursuing her to Eden Park.

Mrs. Remus was shot in the breast. She was removed to a hospital in a semi-conscious condition and an emergency operation was performed.

The shooting today occurred but a few hours before the divorce suit of Remus and his wife was scheduled to come up for hearing after repeated postponements.

Remus, who had lived in affluence here as the result of his widespread bootlegging syndicate, was convicted five years ago and sentenced to Atlanta penitentiary. Since he has figured in the Jack Daniels distillery case and other bootlegging activities. He became embittered of his wife as a result of the divorce proceedings which she filed after his convictions.

The shooting today occurred after Remus had pursued his wife and their daughter, 19 years old, from the Alms Hotel here to Eden Park. Mrs. Remus and her daughter were en route to the office of her attorney this morning, preliminary to the opening of the divorce suit when they were pursued by Remus. "He acted like a mad man," Ruth Remus said in telling of the shooting.

CORN SHOW AND HARVEST FESTIVAL HAS 1,000 EXHIBITS

Kenyon, Minn., Oct. 6.—(UP)—With more than 1,000 exhibits of corn and agricultural products on display, the third annual corn show and harvest festival will open here Friday.

TWO ISLANDS OF PHILIPPINES SWEEP BY VIOLENT TYPHOON

Manila, P. I., Oct. 6.—(UP)—The island of Mindoro and the southern section of the island of Luzon were cut off from communication with Manila today following a violent typhoon that swept the territory yesterday.

It was believed the typhoon did extensive damage, but definite information was unobtainable.

2,000 FARMERS CALLED UPON FRANK O. LOWDEN

HAS POSITION OF ACCEPTED BUT UNCONFESSED CANDIDATE FOR PRESIDENCY

FRIENDS ARE DISAPPOINTED BY HIS RETICENCE IN THE MATTER

Oregon, Ill., Oct. 6.—(UP)—Former Governor Frank O. Lowden of Illinois still occupied today the position of accepted but unconfessed candidate for the presidency, and more than 2,000 farmers and business men of the state who called upon him yesterday to declare himself in the race were disappointed by his reticence.

An active campaign for Lowden has been in progress for months, but he himself has never formally and directly said he was a candidate for the republican nomination.

Lowden was non-committal at the demonstration yesterday. He reiterated his belief that "no man would run away from the presidency" and that "no one who appreciates the solemn responsibilities of that office will run after it."

As a demonstration of support, the meeting was a success. Threat of rain kept some away from Sinsissippi Farm, Lowden's estate, but those who were here were more than enthusiastic in their applause for the former governor.

Congressman Homer W. Hall, Bloomington, delivered the visitors' message to Lowden.

Lowden commented briefly on his refusing the republican nomination for vice-president in 1924. He said he was oppressed at the time by the thought of the great responsibilities which go with the office and therefore had a feeling of relief when the nomination passed him by.

He then dwelt on the interdependence between industry, commerce, agriculture and finance. He argued that agriculture is a problem national in scope.

But as far as a statement of whether or not he would accept the republican nomination for president, the delegates were disappointed.

AUTHORITIES HAVE LITTLE TO WORK ON IN MURDER CASE

Minneapolis, Oct. 6.—(UP)—Authorities today admitted they were without further clues upon which to work in the mystery surrounding the murder of Miss Pearl Osten, Minnesota college student, early Sunday.

From the moment her body was found in an abandoned woodshed by children at play until late yesterday every available peace officer was detailed to the case. Authorities of other counties were requested to aid in checking on outside suspects. But despite the score of persons questioned, none are held in connection with the murder.

Wandered Four Days, Surrenders to Sheriff

Willmar, Minn., Oct. 6.—(UP)—After wandering throughout the county for four days, John Koras, wanted for shooting two persons here Sunday, today surrendered to Sheriff Paul E. Anderson.

Koras is alleged to have shot and wounded Peter Antonson and Mrs. John B. Olson, during a family quarrel. Antonson and Mrs. Olson are recovering.

TWO LEADERS, GOMEZ, ALMADA STILL AT LARGE

GOVERNMENT REPORTS THEIR CAPTURE SEEMS IM-MINENT

TWO REBEL GENERALS UNITE TROOPS AND OPPOSE LARGE BODY OF FEDERALS

By G. F. FINE
(United Press Staff Correspondent)

Mexico City, Oct. 6.—Mexico's abortive revolution was believed today to be practically at an end, though so far as was known here two of the leaders of the rebellion, General Arnulfo Gomez and General Hector Ignacio Almada, were still at large. Their capture seemed imminent.

At last reports last night Gomez and Almada had succeeded finally in uniting their dwindling forces in the state of Vera Cruz but were outnumbered by federal troops who surrounded them.

Government forces were expected to establish contact with the enemy at any moment.

The combined rebel troops were estimated to total not more than a thousand men while the government forces, under General Jose Gonzalo Escobar and General Jesus M. Aguirre, numbered 4,500.

The revolutionary movement led by Gomez and General Francisco Serrano early seemed foredoomed to failure. Orders for their arrest, it was learned today, were dispatched as early as last Saturday—a full 24 hours before the rebellion of two regiments and two battalions of the Mexico City garrison.

Gomez and Serrano learned of the governmental orders and fled the city. Serrano went to Cuernavaca, 60 miles from the capital, where he thought he would be among friends. He was trapped before he could lift a finger. General Juan Dominguez, whom Serrano had regarded as one of his best friends, arrested him.

No details have been received of Serrano's execution. A reporter for the newspaper Excelsior counted nine wounds in Serrano's body. Five thousand persons attended the funeral yesterday of Serrano and his 13 followers who were executed at the same time.

As news of Serrano's execution spreads through the interior, observers believe, soldiers now with Gomez and Almada would desert. Gomez never had anything like Serrano's support. Serrano had been the chief hope of the rebellion, and with his death the rebellion itself was wrecked.

The government issued a bulletin last night in which it announced the capture of General Alfredo Rudea Quinjano, former leader of the twenty-sixth cavalry regiment, and his immediate subordinate, Colonel Florencio Anlita.

The bulletin referred to Quinjano as "one of those chiefly responsible for Sunday's futile military uprising." He was first officer of the 26th regiment of the Mexico City garrison which, with one other regiment and two battalions, escaped from the barracks.

Quinjano and Anlita, the bulletin said, were captured by their own men and turned over to General Escobar. The regiment formerly commanded by Quinjano and Anlita now forms a part of Escobar's forces having decided soon after their escape from the barracks to remain loyal to the government. They said they had been tricked by Quinjano into the uprising.

Quinjano and Anlita were brought to Mexico City last night for court martial.

"The loyal forces commanded by General Escobar and General Aguirre are now near the enemy," the bulletin said, and added that possibly later information might be available as to the encounter between the opposing troops in what is expected to be the final episode of the revolution.

The chamber of deputies voted yesterday to unseat 28 anti-revolutionist deputies, saying they had been "morally identified with the traitors." Messages of adhesion came pouring in to Calles from homestead deputations.

Artillery abandoned by the rebels is being brought to the capital by federal troops.

CLEVELAND AND DETROIT AFTER G. O. P. CONVENTION

Washington, Oct. 6.—(UP)—Cleveland and Detroit are considered favorites for the 1928 republican national convention by a majority of members of the republican national committee, the United Press was informed today by a committee member who said he made an unofficial poll of the delegates.

San Francisco had been almost unanimously favored until President Coolidge issued his statement that he does not choose to be a candidate. It was said. Committee members had figured that many proxies could have been sent to the Pacific coast if the convention was to go through only the formality of nominating Mr. Coolidge. But now that a contest is in prospect all the delegates will want to attend and the expense of traveling to San Francisco makes that city less desirable.

WILLIS BEACH SURRENDERS TO AUTHORITIES

WANTED ON CHARGE OF AIDING
TO MURDER DR. WM.
LILLIENDAHL

NEW DEVELOPMENT IN MYSTERY CASE AT MAYS LANDING, N. J.

Mays Landing, N. J., Oct. 6.—(UP)—Willis Beach, of Vineland, wanted on a charge of aiding in the murder of Dr. William Lilliendaahl, surrendered to Captain W. J. Carter of the state police here today. He gave himself up within an hour after his lawyer in Hammonton had announced that he would not surrender until the grand jury had indicted him.

He was taken to the Atlantic county jail and locked up immediately. The county prosecutor, Louis I. Repetto, said he was still undecided whether he would call Beach personally before the grand jury. He added that it was equally uncertain whether he would call Mrs. Lilliendaahl. "Whether Beach and Mrs. Lilliendaahl will testify before the grand jury will depend on developments," Repetto said.

Hays Landing, N. J., Oct. 6.—For the first time since he was brought under suspicion in the murder of Dr. William C. Lilliendaahl, Willis Beach, poultry man, lost some of his defiance today after his surrender, when three witnesses attacked his most important alibi.

The men he was to face nine days ago when a warrant was sworn out for his arrest for "aiding and abetting" murder pointed out the Lilliendaahl neighbor as the man seen driving out of Great Swamp lane shortly before the aged narcotic specialist was slain.

Beach dropped out of sight when he was expected to face the witnesses at the state troopers headquarters. He had said he was nowhere near the murder scene on September 15.

Red Wing, Minn., Oct. 6.—(UP)—Three thousand school children from three counties are in attendance here today of the third annual rural education day program.

Goodhue and Wabasha counties in Minnesota and Pierce county in Wisconsin are represented.

MILLIONAIRE BOOTLEGGER KILLS HIS WIFE

GEORGE REMUS, ASSAILANT,
GIVES SELF UP TO CINCINNATI POLICE

SHOOTING TOOK PLACE A FEW
HOURS BEFORE DIVORCE
CASE SCHEDULED

Cincinnati, O., Oct. 6.—(UP)—George Remus, millionaire bootlegger today shot and killed his wife, Imogene Remus, a few hours before their sensational divorce case was scheduled to come up for hearing.

Mrs. Remus, seriously wounded, was taken to a hospital and died at 10:45 this morning, three hours after the shooting.

Remus gave himself up to police later.

Remus became notorious for his bootlegging activities several years ago. He has served terms in Atlanta penitentiary and in jails at Troy and Portsmouth, Ohio.

He was one of those indicted in the Jack Daniels distillery case.

After his sentence to the Atlanta penitentiary, Remus and his wife became estranged.

Remus charged his wife had been too friendly with Franklin Dodge, a government prohibition agent, and that while he was serving a sentence in the Portsmouth, O., jail she visited the Remus mansion here and removed the valuable furnishings.

The Remus divorce suit was scheduled to come before Judge Charles W. Huffman today after many postponements.

Cincinnati, O., Oct. 6.—The spectacular career of George Remus, millionaire bootleg king, reached a new climax today when he shot and killed his wife, Imogene Holmes Remus, after pursuing her to Eden Park.

Mrs. Remus was shot in the breast. She was removed to a hospital in a semi-conscious condition and an emergency operation was performed.

The shooting today occurred but a few hours before the divorce suit of Remus and his wife was scheduled to come up for hearing after repeated postponements.

Remus, who had lived in affluence here as the result of his widespread bootlegging syndicate, was convicted five years ago and sentenced to Atlanta penitentiary. Since he has figured in the Jack Daniels distillery case and other bootlegging activities.

He became embittered of his wife as a result of the divorce proceedings which she filed after his convictions. The shooting today occurred after Remus had pursued his wife and their daughter, 19 years old, from the Alms Hotel here to Eden Park.

Mrs. Remus and her daughter were en route to the office of her attorney this morning, preliminary to the opening of the divorce suit when they were pursued by Remus.

"He acted like a mad man," Ruth Remus said in telling of the shooting.

TWO ISLANDS OF PHILIPPINES SWEEP BY VIOLENT TYPHOON

Manila, P. I., Oct. 6.—(UP)—The island of Mindoro and the southern section of the island of Luzon were cut off from communication with Manila today following a violent typhoon that swept the territory yesterday.

It was believed the typhoon did extensive damage, but definite information was unobtainable.

2,000 FARMERS CALLED UPON FRANK O. LOWDEN

HAS POSITION OF ACCEPTED BUT
UNCONFESSED CANDIDATE
FOR PRESIDENCY

FRIENDS ARE DISAPPOINTED BY
HIS RETICENCE IN THE
MATTER

Oregon, Ill., Oct. 6.—(UP)—Former Governor Frank O. Lowden of Illinois still occupied today the position of accepted but unconfessed candidate for the presidency, and more than 2,000 farmers and business men of the state who called upon him yesterday to declare himself in the race were disappointed by his reticence.

An active campaign for Lowden has been in progress for months, but he himself has never formally and directly said he was a candidate for the republican nomination.

Lowden was non-committal at the demonstration yesterday. He reiterated his belief that "no man would run away from the presidency" and that "no one who appreciates the solemn responsibilities of that office will run after it."

As a demonstration of support, the meeting was a success. Threat of rain kept some away from Mississippi Farm, Lowden's estate, but those who were here were more than enthusiastic in their applause for the former governor.

Congressman Homer W. Hall, Bloomington, delivered the visitors' message to Lowden.

Lowden commented briefly on his refusing the republican nomination for vice-president in 1924. He said he was oppressed at the time by the thought of the great responsibilities which go with the office and therefore had a feeling of relief when the nomination passed him by.

He then dwelt on the interdependence between industry, commerce, agriculture and finance. He argued that agriculture is a problem national in scope.

But as far as a statement of whether or not he would accept the republican nomination for president, the delegates were disappointed.

AUTHORITIES HAVE LITTLE TO WORK ON IN MURDER CASE

Minneapolis, Oct. 6.—(UP)—Authorities today admitted they were without further clues upon which to work in the mystery surrounding the murder of Miss Pearl Osten, Minnesota college student, early Sunday.

From the moment her body was found in an abandoned woodshed by children at play until late yesterday every available peace officer was detailed to the case. Authorities of other counties were requested to aid in checking on outside suspects. But despite the score of persons questioned, none are held in connection with the murder.

Wandered Four Days, Surrenders to Sheriff

Willmar, Minn., Oct. 6.—(UP)—After wandering throughout the county for four days, John Koras, wanted for shooting two persons here Sunday, today surrendered to Sheriff Paul E. Anderson.

Koras is alleged to have shot and wounded Peter Antonson and Mrs. John B. Olson, during a family quarrel. Antonson and Mrs. Olson are recovering.

TWO LEADERS, GOMEZ, ALMADA STILL AT LARGE

GOVERNMENT REPORTS THEIR
CAPTURE SEEMS IMMINENT

TWO REBEL GENERALS UNITE
TROOPS AND OPPOSE LARGE
BODY OF FEDERALS

By G. F. FINE
(United Press Staff Correspondent)

Mexico City, Oct. 6.—Mexico's abortive revolution was believed today to be practically at an end, though so far as was known here two of the leaders of the rebellion, General Arnulfo Gomez and General Hector Ignacio Almada, were still at large. Their capture seemed imminent.

At last reports last night Gomez and Almada had succeeded finally in uniting their dwindling forces in the state of Vera Cruz but were outnumbered by federal troops who surrounded them.

Government forces were expected to establish contact with the enemy at any moment.

The combined rebel troops were estimated to total not more than a thousand men while the government forces, under General Jose Gonzalo Escobar and General Jesus M. Aguirre, numbered 4,500.

The revolutionary movement led by Gomez and General Francisco Serrano early seemed foredoomed to failure. Orders for their arrest, it was learned today, were dispatched as early as last Saturday—a full 24 hours before the rebellion of two regiments and two battalions of the Mexico City garrison.

Gomez and Serrano learned of the governmental orders and fled the city. Serrano went to Cuernavaca, 60 miles from the capital, where he thought he would be among friends. He was trapped before he could lift a finger. General Juan Dominguez, whom Serrano had regarded as one of his best friends, arrested him.

No details have been received of Serrano's execution. A reporter for the newspaper Excelsior counted nine wounds in Serrano's body. Five thousand persons attended the funeral yesterday of Serrano and his 13 followers who were executed at the same time.

As news of Serrano's execution spreads through the interior, observers believe, soldiers now with Gomez and Almada would desert. Gomez never had anything like Serrano's support. Serrano had been the chief hope of the rebellion, and with his death the rebellion itself was wrecked.

The government issued a bulletin last night in which it announced the capture of General Alfredo Rudefa Quinjano, former leader of the twenty-sixth cavalry regiment, and his immediate subordinate, Colonel Florencio Anitua.

The bulletin referred to Quinjano as "one of those chiefly responsible for Sunday's futile military uprising." He was first officer of the 26th regiment of the Mexico City garrison which, with one other regiment and two battalions, escaped from the barracks.

Quinjano and Anitua, the bulletin said, were captured by their own men and turned over to General Escobar. The regiment formerly commanded by Quinjano and Anitua now forms a part of Escobar's forces having decided soon after their escape from the barracks to remain loyal to the government. They said they had been tricked by Quinjano into the uprising.

Quinjano and Anitua were brought to Mexico City last night for court martial.

"The loyal forces commanded by General Escobar and General Aguirre are now near the enemy," the bulletin said, and added that possibly later information might be available as to the encounter between the opposing troops in what is expected to be the final episode of the revolution.

The chamber of deputies voted yesterday to unseat 28 anti-revolutionist deputies, saying they had been "morally identified with the traitors." Messages of adhesion came pouring in to Calles from homestead deputations.

Artillery abandoned by the rebels is being brought to the capital by federal troops.

"Firemen, Save My Child"

They've gone and done it again, those two unbeatable laugh-provokers—Wallace Beery and Raymond Hatton.

In fact, they've stepped out and surpassed their two previous efforts by a wide margin.

"Firemen, Save My Child" the third of the Beery-Hatton pictures, looks as though it were destined to go down in film history as one of the greatest comedies of 1927. It will surely rank among the foremost farces of all time.

It's doubtful if anyone emerged from the Lyceum theatre yesterday where the new Beery-Hatton vehicle opened for a three day run, without aching sides.

St. Paul, Oct. 6.—(UP)—Joseph Kinderwater, former president of the Hardstone Brick Co., of Little Falls, and George G. Rocheford, a salesman, associates of C. A. Cochran who is under indictment for using the mails to defraud, appeared in federal court here late yesterday, and posted bail bond of \$5,000 for their appearance Nov. 1.

Fourteen others, indicted with Cochran, are being sought by authorities following their failure to surrender.

YOUNG MINISTERS DO FINE WORK

WITHIN the Baptist denomination of the state there are a number of pastors who although young in years are doing fine work in their respective fields. Among these is the local pastor, Rev. Harold F. Damon, who although in the local field less than two years has made considerable progress in the work here. He is the very efficient general chairman for the Baptist State Convention which will be in session at Brainerd on October 10, 11 and 12, and it is largely through his untiring efforts that success is assured for this great gathering.

Rev. Stewart Bain, a schoolmate of Rev. Damon who is the efficient pastor at International Falls, will also attend, also Rev. Dudley Thiensen of Parkers Prairie, Rev. H. A. McAllister of Park Rapids, Rev. Alfred Fieldus of Little Falls, Rev. Charles Swindells of St. Cloud, Rev. Davis of Breckenridge, Rev. Tingley of Long Prairie, as well as a number of the other younger pastors of the state.

With these men in attendance who not only have a vision of spiritual things at heart, but also see and realize to a large extent the many problems of the younger people of the churches, helps to assure a well rounded program. It will be a program, we are assured, that not only takes in the work of the church throughout the world, but one that realizes that the younger generation must have a real interest in the work as a whole if the church is to make the progress that it should.

Rev. R. E. Cody, who for many years was the pastor of the local church and now holds an important office in the Baptist State Convention, is a man who has done very efficient work not only while he was pastor at Brainerd, but also as pastor at large throughout the northern part of the state for many years and now throughout the state.

It has been his privilege to help and keep open many churches and Sunday schools that would otherwise be closed. This has been made possible largely through the help secured through the Baptist State Convention, which in turn secures the money necessary to carry on this work through the voluntary gifts of the people throughout the state.

The Baptist State Convention has given Brainerd wide publicity in the publication, "The North Star Baptist" in its October issue. On the cover page is a headline indicating the convention is to be held at Brainerd, followed by a picture of the proposed new Baptist church at Brainerd.

The publication is one of 34 pages. Rev. Harold F. Damon makes an introductory announcement. A two-column picture gives a bird's eye view of Brainerd. There is a page and a half general story on Brainerd, followed by the history of the First Baptist church of Brainerd and pictures of the original Baptist church in Brainerd, and the present church.

The program for the three days in Brainerd is given extended mention, and carries with it pictures of those taking part. The Program Committee requests that every Baptist church in Minnesota observe Sunday, October 9, as a day of prayer for the annual meeting.

A page is devoted to the hotels of Brainerd, their rates and accommodations.

As showing the cordial Christian courtesy ruling in Brainerd, mention is made that the churches of Brainerd surely are showing a beautiful spirit of co-operation toward the local Baptist church and the Baptist State Convention. On their own initiative, the Congregational, Methodist and Episcopal churches are serving luncheons, and the Congregational and Methodist churches are giving the use of their auditoriums. The Episcopal rector, a bachelor, has offered his house to the delegates for lodging and meals. That is surely "going the second mile." The whole action is a beautiful demonstration of Christian fellowship.

LUTHER BURBANK

THE world lost a wonderful man when Luther Burbank, the plant wizard, died. It is with the utmost satisfaction that we read that his spirit is to go marching on, and that his wife will carry on the work he projected. All his experiments are to be continued.

As related in Popular Mechanics, there are more than 900 of these separate tests. One hundred of them were at the point of successful completion when the elderly lover of plants passed on in the spring of 1926; about 400 of them were well under way on the farm at Santa Rosa, Calif. The remaining 400 are on paper. All will be carried on, just as Burbank would have continued with them.

So quietly that no one knew of it, Mrs. Burbank began last year the distribution of her famous husband's two last-completed gifts to man, a new nectarine and a new asparagus. He considered them his greatest developments, more important even than the Burbank potato, the Burbank plum, or the rust-resisting wheat which is now being grown over hundreds of thousands of acres in northern United States and southern Canada.

The new asparagus would appeal to any lover of this vegetable. It produces stalks 18 to 24 inches in length, with the tough stringy base entirely eliminated, so that the whole stalk is edible. It adds to the production of any area of asparagus soil more than 100 per cent of the present output.

Other experiments include a fast growing black walnut, rhubarb, radishes, beet, artichoke, mango, apples, strawberry, raspberry, blackberry, etc.

AFTER a year of negotiation the affiliation of the Finkelstein & Ruben theatrical interests with the Publix and Famous Players-Lasky companies has been completed. The Finkelstein & Ruben Co. is one of the largest amusement enterprises in the West, operating 135 theatres in four states. The two theatres in Brainerd are operated by them. The association owns four theatres in Duluth, three in Superior, 14 in Minneapolis and 18 in St. Paul.

STREET and highway courtesy are very desirable at all times. Act nicely to every tourist you meet. If he dallies at an intersection it is because he is wondering which road to take.

ONE thing the aviation efforts of today, trans-Atlantic, trans-Pacific and overland is teaching us is that the fliers must take into consideration the weather. Accurate weather forecasting is one of the most important groundworks of good flying, if one may so state it in Irish bull fashion.

AFTER we handed the weather bureau a bouquet for the accuracy of their prediction, the forecast on a cold wave in the middle west failed to materialize.

14 YEAR SLAYER STARTS SERVING LIFE SENTENCE

Fort Madison, Iowa, Oct. 6.—(UP)—A cigarette, a package of chewing gum and a box of candy were the last links which connected Lyle Messner, 14-year-old murderer, with the outside world. With those farewell gifts from his family, the boy who assaulted and killed Kathleen Forrest, 6, at Cedar Rapids started serving a life sentence in the state penitentiary here.

He was placed in the hospital ward for observation today. The boy seemed more interested in his cigarette than in his farewells to his mother and sisters when he left Cedar Rapids for the penitentiary, but he wept a little at the final good byes.

WAR ACE AND PIONEER FLIER FALLS TO DEATH

Chicago, Oct. 5.—(UP)—Wilfred A. Yackey, Jr., war ace and pioneer in midwestern commercial aviation, fell to his death late yesterday when the wing of the Yackey monoplane he was piloting over Chicago crumpled.

The plane was one which was flown from New York to Spokane in the recent air derby, finishing sixth. The crash was the second accident of the day to a New York-Spokane derby plane. The Royal Windsor, entry in the non-stop derby and originally designed for a trans-Atlantic flight, was badly damaged at Denver when it dropped its landing gear while trying to take off. Pilot Duke Schiller

and a passenger were uninjured. Yackey was a member of the Italian and American air services during the war. He was proprietor of an airplane manufacturing firm here.

Springfield, Minn., Oct. 6.—(UP)—With 25 tons of sauerkraut and 20,000 wafers on the menu, 7,000 persons gathered here today to observe Springfield's annual sauerkraut day and to decide the 'kraut eating championship of the world.

PITTSBURGH OPTIMISM DISCOUNTS WIN OF THE N. Y. YANKS

PIRATE FANS ARE ALWAYS GREAT BOOSTERS

AMERICAN LEAGUE CHAMPIONS HOWEVER, RULE 10 TO 6 FAVORITES

PITTSBURGH CLAIMS TEAM WINNING OPENER WILL LOSE SERIES

Pittsburgh, Oct. 6.—The dawning of another baseball day finds Pirates hopes still high.

A mathematical advantage enjoyed by the New York Yankees as a result of their 5 to 4 victory in the opening game of the world series is discounted by Pittsburgh optimism.

Great optimists—these Pirate fans. They remind one of those mythical lazed urchins who are popularly supposed to have pleaded with a certain member of the notorious Black Sox some seven seasons or so ago:

"Say it ain't true, Joe. Say it ain't true."

The American League champions have become 10 to 6 favorites over the Pirates by winning the first game, but you can't make these Pittsburghers believe it.

Game little Donie Bush refused today to take that first defeat to heart.

"What does it amount to?" demanded the manager of the Buccaneers truculently. "Don't you realize that for the past four years the club which has won the opening game has lost the series?"

Such happens to be the case. Each championship series from that of 1923 to the present has gone eventually to the club which was beaten in the first game.

And so while Miller Huggins, shrewd little manager of the Yankees, planned to take a chance and start one of his young pitchers, George Pipgras, in the second game, Donie Bush consoled himself with statistics and summoned his chastened Corsair crew early to Forbes field for what is known as "skull practice."

First of all, the Pirate manager announced he had called upon Vic Aldridge for pitching duty in an effort to even the series.

Then Donie had a few things to say to his regulars who made such a disappointing hodge-podge of the first contest.

"Skull practice" was no love fest for the National League champions today. Bush was righteously bitter over one or two phases of the opening game—a game which the Pirates might so easily have won. And Donie is no man to hesitate to tell the chief offenders all about it.

The Pittsburgh manager himself has not escaped criticism for his judgment in permitting Remy Kremer, a beaten pitcher, to bat in the fifth inning. And many maintained Donie should have taken a chance on a pinch hitter rather than let his relief twirler, John Miljus, lead off in the seventh.

Second guesses are usually best in baseball, however, and majority opinion credits the diminutive Donie with fast thinking.

As for the second game, while Huggins gambles on a rookie pitcher, Bush is sending his one best bet against the Yankees.

There are conflicting views as to what is going to happen, after the weak hitting of the American Leaguers in the opener. One view is that the New York club is in a batting slump—witness the failure to hit Ray Kremer and John Miljus.

The other view is that "Murderers' Row," after its off day, will start smashing the ball to all corners of Forbes Field, including some nooks and crannies in the right field stands where a well-planted baseball automatically sprouts into a home run.

Vic Aldridge, when right, has just the fast curve ball to puzzle the Yanks.

On the other hand, the Yanks, when right, can hit anything.

The outcome of the second game depends upon the answer to the question—who will be right at the right time?

Certainly both clubs were wrong Wednesday. Especially disappointing was the showing of the starting pitchers, Ray Kremer and Waite Hoyt.

A little group of master baseball minds sat behind home plate during the opening game and sized up the situation with surprising accuracy.

Included in the group were John J. McGraw, manager of the New York Giants, Rogers Hornsby, who is slated for the job next season, Honus Wagner, perhaps the greatest infielder of all time, and genial Wilbert Robinson, who manages the Brooklyn Robins.

National Leaguers, of course, but the smartest of baseball brains is represented in that group.

They looked over the opposing teams for the first couple of innings, and then—

"Waite Hoyt will never last out this game," volunteered McGraw.

"Dor's a fact. I believe so myself," agreed Wagner.

"Neither will Kremer," predicted Rogers Hornsby, who was rooting heart and soul for the Pirates.

The round Robble agreed.

To these keen students of the game, the short-comings of the opposing pitchers became apparent long before Bush and Huggins sized up the situation and ordered a couple of nice, hot shower baths for Ray and Waite.

On the other hand, the pitching of the relief twirlers, Wilcy Moore, who checked the Pirates one run short of success, and John Miljus, who moved down the vaunted Yanks in short order, won considerable favor in the eyes of the experts.

And so, while each club has tried the pitcher it believed to be best, and found that pitcher wanting, the reserve strength of the opposing staffs has stood the acid test.

As far as depletion of pitching strength goes, the opening game was more costly for the Pirates than for the Yankees. If Kremer and Hoyt both had remained to finish out the game, more runs would have been scored but it is quite likely that the National League champions would be one up today, instead of one down.

They would be in a spot where there might be more justification for their present practice of attempting to subvert fumbleism for judgment.

JACK HENDRICKS REVIEWS FINE POINTS OF PLAY

MANAGER OF CINCINNATI REDS STILL BANKS ON PIRATES TO WIN SERIES

WHEN KREMER WAS TAKEN OUT, MILJUS PROVED TO BE GOOD RESERVE TWIRLER

By JACK HENDRICKS
Manager of the Cincinnati Reds
Written for the United Press
Pittsburgh, Pa., Oct. 6.—(UP)—

The breaks went against the Pittsburgh Pirates in the opening game, but to me they still seem the club most likely to win the series.

When Remy Kremer, whom I know to be one of the best right hand pitchers in baseball, failed to live up to expectations and had to be taken out of the box, Donie Bush showed that he had an excellent reserve twirler in John Miljus.

The fact that the New York Yankees were held to six hits shows that they can be beaten—when things break right for the Pirates.

Kremer was not at his best, yet the American leaguers made only five hits off his delivery, the sixth and last of their blows coming with Miljus in the box. This was a single by Babe Ruth, and did no damage.

The Pirates, on the other hand, showed that they can hit Yankee

pitching. The Waner Brothers were particularly impressive in their first world series.

As I viewed the game, there was no particular turning point, no one play to which one could point and say:

"That won the ball game." Nervousness, over-anxiety and accidents cost the National league champions their chance of victory. They looked to me like the better ball club, yet in that third inning, two errors and the failure to complete a double play made all the difference between success and failure. I really feel that things will be different from now on. The Pirates should even matters against George Pipgras.

Vic Aldridge, if he pitches his best, should be able to beat the Yankees with a fast curve ball, while his team-mates are out there hustling.

There is no denying that the opening game was somewhat of a disappointment, in that while the score was tight, the playing was loose.

second. It was a sacrifice fly for Tony. Dugan up. Strike one, called. Ball one, high. Dugan flied to P. Waner. THREE RUNS, FOUR HITS, ONE ERROR.

The Pirates let Aldridge down in this inning somewhat after the manner of their collapse in the third inning yesterday. At least four men had a chance to get their hands on the ball Koenig hit. But they all missed it.

PITTSBURGH—Aldridge up. Ball one, wide. Strike one, swung. Ball two, low. Aldridge lined to Lazzeri. L. Waner up. Foul, strike one. Foul, strike two. Ball one, wide. Foul. L. Waner out. Lazzeri to Gehrig. Barnhart up. Ball one, inside. Ball two, inside. Foul, strike one. Barnhart singled thru the box. P. Waner up. Ball one, low. P. Waner flied to Meusel. NO RUNS, ONE HIT, NO ERRORS.

The Pirates were having more difficulty with Pipgras' fast ball and were fouling a lot of them into the stands. The youngster was cool and was pitching heady baseball.

FOURTH INNING
NEW YORK—Bengough up. Ball one, wide. Bengough flied to L. Waner. Pipgras up. Foul, strike one. Ball one, high. Ball two, inside. Foul, strike two. Ball three, inside. Pipgras fanned, swinging. Combs up. Ball one, inside. Strike one, swung. Strike two, swung. Combs fanned, swinging. NO RUNS, NO HITS, NO ERRORS.

Aldridge looked much better in this inning. His fast curve ball was in working order now, and the Yanks went out in short order.

PITTSBURGH—Wright up. Ball one, inside. Wright flied to Combs. Traynor up. Ball one, inside. Foul, strike one. Ball two, inside. Ball three, inside. Strike two, called. Traynor doubled to center. Gran-

tham up. Grantham fouled to Dugan, who leaned far out over the boxes for the catch. Harris up. Harris flied to Ruth. NO RUNS, ONE HIT, NO ERRORS.

Joe Dugan's catch of Grantham's foul was the star fielding feature of the series so far. Joe coolly stood at the edge of the field boxes and reached over a full arm's length to grip the ball.

FIFTH INNING
NEW YORK—Koenig up. Ball one, wide. Strike one, called. Koenig flied to P. Waner. Ruth up. Ball one, wide. Ball two, inside. Ball three, wide. Ruth walked, on four pitched balls. Gehrig up. Strike one, swung. Ball one, inside. Ball two, low. Gehrig flied to L. Waner in deep center. Ruth took second after the catch. It was a sacrifice fly for Lou. Meusel up. Foul, strike one. Foul, strike two. Ball one, high. Ball two, wide. Meusel fanned, swinging. NO RUNS, NO HITS, NO ERRORS.

The Pittsburgh pitcher worked with great deliberation in this inning. His fanning of Meusel made the fourth strike-out to his credit during the game.

PITTSBURGH—Gooch up. Ball one, high. Strike one, called. Foul, strike two. Ball two, outside. Gooch out. Pipgras to Gehrig. Aldridge up. Aldridge fouled out to Ben-

PITTSBURGH OPTIMISM DISCOUNTS WIN OF THE N. Y. YANKS

PIRATE FANS ARE ALWAYS GREAT BOOSTERS

AMERICAN LEAGUE CHAMPIONS HOWEVER, RULE 10 TO 6 FAVORITES

PITTSBURGH CLAIMS TEAM WINNING OPENER WILL LOSE SERIES

Pittsburgh, Oct. 6.—The dawning of another baseball day finds Pirates hopes still high.

A mathematical advantage enjoyed by the New York Yankees as a result of their 5 to 4 victory in the opening game of the world series is discounted by Pittsburgh optimism.

Great optimists—these Pirate fans. They remind one of those mythical lagged urchins who are popularly supposed to have pleaded with a certain member of the notorious Black Sox some seven seasons or so ago:

"Say it ain't true, Joe. Say it ain't true."

The American League champions have become 10 to 6 favorites over the Pirates by winning the first game, but you can't make these Pittsburghers believe it.

Game little Donnie Bush refused today to take that first defeat to heart.

"What does it amount to?" demanded the manager of the Buccaneers truculently. "Don't you realize that for the past four years the club which has won the opening game has lost the series?"

Such happens to be the case. Each championship series from that of 1923 to the present has gone eventually to the club which was beaten in the first game.

FILM SETTLES ARGUMENT
Dempsey Followers Claim Tunney Was Knocked to the Canvas in the Ninth Also

The showing of the Dempsey-Tunney battle at the Lyceum Sunday and Monday is expected to settle the controversy arising over the question of knock down of Tunney in the ninth round.

Tunney took the canvas in the seventh round for the count of nine and was also on the floor in the ninth. Many assert that Tunney was pushed to the canvas by Dempsey but Dempsey followers claim that Tunney was knocked down in this round.

The film is said to be very plain with slow motion pictures showing the seventh round fumbled in.

M. C. A. I. L. Peterson, secretary of the local organization told the Lions members at their meeting last night.

"The program of the Y. M. C. A. is mainly an outdoor one. The officials are endeavoring to reach the Y. M. C. A. out into the entire community. We plan to follow the program as used in all cities. Groups are being formed according to age limits and each group will have its period in the gym with regular times for meetings and use of the other "Y." facilities," said Mr. Peterson.

The speaker also mentioned the Older Boys Conference to be held at Detroit Lakes, October 22, 23. Churches and organizations will send delegates and upon the conclusion of Mr. Peterson's talk the club discussed plans to send a delegate who would report back to the club at a meeting. The boys must be at least 16 years old and have a serious desire to attend the conference. Professor W. C. Cobb represents the state committee.

The club discussed the Presidents and Secretaries meeting at Minneapolis on October 28 and it is their intention to be represented by a dozen members. The meeting is important inasmuch as plans will be outlined for the program of Lions clubs for the coming year.

Initial steps were taken for the formation of a Lions club bowling league and a bowling team to represent the Lions in the city league.

**BITTER FEUD
FLARES UP AGAIN**

Madison, Wis., Oct. 6.—(UP)—The bitter feud between Frank Lloyd Wright, noted architect, and Miriam Noel Wright, his divorced wife, has flared up again, and today the honors seemed to be even.

Mrs. Wright was under guard in her hotel room here after her arrest last night on a federal charge of sending obscene matter through the mails. The alleged obscene matter was a letter to her former husband expressing her feelings toward him and Olga Milanoff, mother of his infant child.

The arrest apparently was Wright's answer to Mrs. Wright's recent announcement that she planned to press deportation proceedings against Miss Milanoff. She said she and her attorney, Miss Tille' Levin of Chicago, would fly to Washington to be present at the deportation proceedings there.

M. C. A. I. L. Peterson, secretary of the local organization told the Lions members at their meeting last night.

"The program of the Y. M. C. A. is mainly an outdoor one. The officials are endeavoring to reach the Y. M. C. A. out into the entire community. We plan to follow the program as used in all cities. Groups are being formed according to age limits and each group will have its period in the gym with regular times for meetings and use of the other "Y." facilities," said Mr. Peterson.

The speaker also mentioned the Older Boys Conference to be held at Detroit Lakes, October 22, 23. Churches and organizations will send delegates and upon the conclusion of Mr. Peterson's talk the club discussed plans to send a delegate who would report back to the club at a meeting. The boys must be at least 16 years old and have a serious desire to attend the conference. Professor W. C. Cobb represents the state committee.

The club discussed the Presidents and Secretaries meeting at Minneapolis on October 28 and it is their intention to be represented by a dozen members. The meeting is important inasmuch as plans will be outlined for the program of Lions clubs for the coming year.

Initial steps were taken for the formation of a Lions club bowling league and a bowling team to represent the Lions in the city league.

Fashionable Fall Fabric Gloves

Two New Styles You Will Admire

This mannish looking glove is made from a heavy weight imported fabric which is warm and durable. Made with no cuff and fastens with one large pearl button. The stitching being in two colors is very effective and the narrow piping around the wrist and opening in a contrasting color is very smart. New bark shade. Sizes 6 to 7 1/2. Per pair

Another good looking glove in a pull-on style. Made from firm, heavy weight chamouise, having the long wrist finished with scalloped pinking. Spear point welt stitching on the back in the self color makes a neat and pretty finish when on the hand. Sizes 6 to 7 1/2. Per pair

BITTER FEUD FLARES UP AGAIN

Madison, Wis., Oct. 6.—(UP)—The bitter feud between Frank Lloyd Wright, noted architect, and Miriam Noel Wright, his divorced wife, has flared up again, and today the honors seemed to be even.

Mrs. Wright was under guard in her hotel room here after her arrest last night on a federal charge of sending obscene matter through the mails. The alleged obscene matter was a letter to her former husband expressing her feelings toward him and Olga Milanoff, mother of his infant child.

The arrest apparently was Wright's answer to Mrs. Wright's recent announcement that she planned to press deportation proceedings against Miss Milanoff. She said she and her attorney, Miss Tillie Levin of Chicago, would fly to Washington to be present at the deportation proceedings there.

MORE THAN TWO MILLION HOUSEWIVES HAVE PROVED THIS SUGAR IN JELLY MAKING AND PRESERVING . . . IT IS GUARANTEED!

Champion Jelly Makers of the Dakotas

proved this Sugar

State champion jelly makers and preservers were chosen for eight states in the contest recently conducted by The Great Western Sugar Company. The North Dakota champion is Mrs. J. E. Laingen of Tokio, representing the Homemakers' Club. The South Dakota champion is Mrs. O. J. Soma of Newell, representing the Horse Creek Missionary Society. Although not a contest requirement, both used Great Western Sugar in making their entries.

Mrs. J. E. Laingen Tokio, N. Dakota

Mrs. O. J. Soma Newell, S. Dakota

"MY organization," declares Mrs. O. J. Soma, champion of South Dakota, "has been a consistent winner of prizes for jelly making and preserving."

"For the last two years we have taken first prize at the Butte County fair, and last year we won first prizes on two specials for canned fruits, preserves and jelly."

"I can safely say that most of these entries were made with Great Western Sugar, which we have used for years in our home jelly making and preserving. We have had great success with it."

"One of our favorite jellies is grape jelly, which every housewife should make."

"SINCE so many things combine to affect the flavor of jellies and preserves," says Mrs. J. E. Laingen, North Dakota's champion, "extreme care should be used in following out certain simple directions that are easily available to every housewife."

"Particularly is this true in jelly making. The pectin content must be tested; and, as pectin is present in greater quantity just before the fruit is fully ripened, this fact should be kept in mind in selecting the fruit."

"Some housewives are prejudiced against beet sugar for jelly making, but this prejudice has no foundation. We have used Great Western Sugar for years for all of our canning season work, and we used it in making the entries for this contest. It has no superior."

Great Western Beet Sugar

GRAPE JELLY This may be made from either ripe or green grapes—any kind. Very green grapes give a jelly a pale color. Those which are tinged with red, a deep pink, and ripe grapes—a jelly of purple color. In no case, must the grapes be over-ripe. If very green grapes are used, or green wild grapes, the amount of Great Western Beet Sugar should be increased. For one pint of juice use one pint of sugar; otherwise the procedure is given in the Great Western book on jelly making and preserving.

"IRISH HEARTS," with May McAvoy, is a Warner Bros. picturization of this novel.

SYNOPSIS

Emmett Murtough, a youth of Killanmaul, a village in Ireland, goes to New York and is followed by Old Tom Kildare and his daughter Sheila, with whom Emmett is in love. Sheila begins to recognize Emmett as a boaster and tries to evade the marriage. Old Tom urges her to marry him. Sheila becomes friends with the O'Sheas, who had settled in Hell's Kitchen a quarter of a century before, and whose son, Rory, is a prizefighter.

CHAPTER IV—Continued

"Hello, mother, you home?"

"Tis our Rory," explained Mrs. O'Shea as she sprang to her feet to welcome her son. They met at the kitchen doorway, and Sheila turned at the muffled shriek of her hostess. A man, she couldn't see his face, for he had lifted Mrs. O'Shea up in his arms, gave the little old lady a smacking kiss and then sat her lightly down upon her feet.

"Hello, dad. Got great news." He stopped short as he saw Sheila, who blushed in confusion at being a party to this intimate home scene.

"Miss Kildare, this is my son, Rory," introduced Mrs. O'Shea.

"I'm pleased to know you," said Rory as he walked over to her chair and held out his hand. Sheila bowed and shook hands with him shyly. A nice looking young man, she thought, at the first quick glance. It was not until later that she caught glimpse of the cauliflower ear that graced the left side of Rory the Battler's head, and

"Mr. Rory O'Shea has asked me to go to Coney Island, an' I'm going."

shuddered and wondered how such a nice looking man could have been so scarred. Mrs. O'Shea bustled about the kitchen, calling to Sheila, "an' will ye get a cup, dear, there out of the pantry." Sheila did, and it warmed her to feel that she was part of this kindly household, even though an acquaintance of so short a time. When the steaming cup was set before Rory and Mrs. O'Shea had sat down in her rocking chair Michael inquired:

"An' what's the news?"

"Aw, can't it wait, dad?" he asked, with a glance at Sheila.

"Perhaps I had best be going," Mrs. O'Shea, spoke up Sheila hastily, but she really made no move to rise.

"Indeed, an' indeed not. 'Tis early it is. Go on, son, and tell us the news."

"I've got a fight," Fight? Sheila's eyes grew wide and wondering. "Campeau for twelve rounds and at the Garden! Oh, boy, what a chance! And it's real. No she-nannigans. And I can whip him if I ever whipped anybody in my life! He's a good man, but I took him for the count in five rounds four years ago and I can do it again. Reagan says if I knock him off I can come back into real money making and maybe get a chance at the champ later on."

"Oh, Rory, I don't think ye ought to be fighting any more at all, at all," protested Mrs. O'Shea.

"But it means a comeback, mother, and certainly I ought to be getting mine after staying in the game nearly ten years. Isn't that right, dad?"

"It would be good if ye could, Rory, for ye have no trade an' ye'll need a bit of money while ye're learning one. What's your end in this?"

"It's winner take all. Twenty-five hundred dollars flat to the winner. The loser doesn't get a dime. I know it's a tough chance, and me with just money enough to get through my training expenses, but it means my chance, and maybe the last chance I'll ever get. We go on in the semi-finals to Brown and Malloy; that's something in itself."

"But what if you lose?" asked the anxious mother.

"Oh, that's just a chance you got

SEVENTH INNING

NEW YORK—Koenig up. Ball one, low. Strike one, called. Foul, strike two. Ball two, high. Koenig fled to P. Waner. Ruth up. Ball one, wide. Ball two, inside. Ruth up, Harris unassisted. Ball three, wide. Strike one, called. Pipgras walked, filling the bases. Combs up. Cvangros replaced Aldridge in the box for Pittsburgh. The play at third in which Lazzeri at first seemed to be

safe and was later called out, resulted from Tony's over-sliding the bag after having easily beaten Gooch's snap throw of Dugan's bunt. Combs up. Foul, strike one. Combs was hit in the side by a pitched ball, forcing Dugan in with a run, the other Yank runners advancing. Koenig up. Koenig hit into left field for a single, scoring Bengough, the other runners advancing. Ruth up. Ball one, low. Ruth hit to Grantham, who threw to Gooch, forcing Pipgras at the plate. Ruth was safe on a fielder's choice, the other runners advancing. Gehrig up. Gehrig forced Koenig at third, Traynor unassisted. THREE RUNS, THREE HITS, NO ERRORS.

The Smooth and Mighty Power of the Steam Engine

High Compression Performance
with any Gasoline

In converting waste heat to power, the new companion invention to the Super-Six principle accomplishes the ideal performance of the high-compression type motor that is sought through the use of special and costly fuels.

The Super-Six principle transforms what otherwise is destructive vibration into useful power. The companion invention converts waste heat to power. Combined they afford the highest efficiency in power generation and transmission ever achieved within our knowledge. This makes Hudson the most economical car per pound weight in the world.

No wonder such performance results have won for Hudson

its greatest triumph. Hudson offers a genuinely new kind of performance. Drive it and you will know.

There is a full line of Hudson Super-Six models on the 127-inch Super-Six chassis. And with the new 118-inch chassis, a duplicate of the larger car in all particulars save length, there is also a car for those who want such signal quality and performance in a shorter, more compact car.

"Hello, mother, you home?"
"Tis our Rory," explained Mrs. O'Shea as she sprang to her feet to welcome her son. They met at the kitchen doorway, and Sheila turned at the muffled shriek of her hostess. A man, she couldn't see his face, for he had lifted Mrs. O'Shea up in his arms, gave the little old lady a smacking kiss and then sat her lightly down upon her feet.

"Hello, dad. Got great news." He stopped short as he saw Sheila, who blushed in confusion at being a party to this intimate home scene.

"Miss Kildare, this is my son, Rory," introduced Mrs. O'Shea.
"I'm pleased to know you," said Rory as he walked over to her chair and held out his hand. Sheila bowed and shook hands with him shyly. A nice looking young man, she thought, at the first quick glance. It was not until later that she caught glimpse of the cauliflower ear that graced the left side of Rory the Battler's head, and

"Mr. Rory O'Shea has asked me to go to Coney Island, an' I'm going."

shuddered and wondered how such a nice looking man could have been so scarred. Mrs. O'Shea bustled about the kettle, calling to Sheila, "an' will ye get a cup, dear, there out of the pantry." Sheila did, and it warmed her to feel that she was part of this kindly household, even though an acquaintance of so short a time. When the steaming cup was set before Rory and Mrs. O'Shea had sat down in her rocking chair Michael inquired:

"An' what's the news?"
"Aw, can't it wait, dad?" he asked, with a glance at Sheila.

"Perhaps I had best be going, Mrs. O'Shea," spoke up Sheila hastily, but she really made no move to rise.

"Indeed, an' indeed not. 'Tis early it is. Go on, son, and tell us the news."

"I've got a fight," Fight? Sheila's eyes grew wide and wondering. "Campeau for twelve rounds and at the Garden! Oh, boy, what a chance! And it's real. No shammanigan. And I can whip him if I ever whipped anybody in my life! He's a good man, but I took him for the count in five rounds again. Reagan says if I knock him off I can come back into real money making and maybe get a chance at the champ later on."

"Oh, Rory, I don't think ye ought to be fighting any more at all, at all," protested Mrs. O'Shea.

"But it means a comeback, mother, and certainly I ought to be getting mine after staying in the game nearly ten years. Isn't that right, dad?"

"It would be good if ye could, Rory, for ye have no trade an' ye'll need a bit of money while ye're learning one. What's your end in this?"

"It's winner take all. Twenty-five hundred dollars flat to the winner. The loser doesn't get a dime. I know it's a tough chance, and me with just money enough to get through my training expenses, but it means my chance, dad. I've got the last chance I'll ever get. We go on in the semi-finals to Brown and Malloy; that's something in itself."

"But what if you lose?" asked the anxious mother.

"Oh, that's just a chance you got

The Smooth and Mighty Power of the Steam Engine

High Compression Performance
with any Gasoline

In converting waste heat to power, the new companion invention to the Super-Six principle accomplishes the ideal performance of the high-compression type motor that is sought through the use of special and costly fuels.

The Super-Six principle transforms what otherwise is destructive vibration into useful power. The companion invention converts waste heat to power. Combined they afford the highest efficiency in power generation and transmission ever achieved within our knowledge. This makes Hudson the most economical car per pound weight in the world.

No wonder such performance results have won for Hudson

its greatest triumph. Hudson offers a genuinely new kind of performance. Drive it and you will know.

There is a full line of Hudson Super-Six models on the 127-inch Super-Six chassis. And with the new 118-inch chassis, a duplicate of the larger car in all particulars save length, there is also a car for those who want such signal quality and performance in a shorter, more compact car.

FOOD GROWS HAIR ON BALD HEADS

Chicago—Scientists have found that Baldness is brought on by the lack of necessary food elements that the human hair requires. "Foods found in Mother Earth grow, nourish and retain our hair," says P. A. Thomas, Ph. D., well known hair specialist, 294 America-Ford Bldg., Chicago. He further states that the hair roots always stay alive and that in 85 out of 100 cases where hair is falling out or baldness has set in, a growth of new hair can be had in a short time by following his simple directions. He will gladly explain his method without cost to those interested in restoring or saving their hair. Write him today. —Adv.
